DURHAM COUNTY WILDLIFE CLUB

An explanation of membership volunteer service duties:

First, a look at how membership at DCWC is structured.

1) After paying your dues and initiation fee at the Club Safety Class, you will receive a badge. If you do not volunteer to serve the Club in some manner, that badge will be White, and will permit you to purchase shooting privileges at a rate lower than non-members. "White Badge" members cannot shoot shotgun sports *off hours* alone at the Club, as you will not have the combinations required. You can shoot shotgun sports *off hours* with members who do have required combinations, providing you attend a certification class for that particular shotgun sport, but are not permitted to use the pistol range *off hours*. "White Badge" members may use the pistol range only as the guest of a pistol range qualified volunteer member, and only during club *open hours*.

2) If you attend the Pistol Range Certification class (in addition to the Club Safety class), and do not volunteer to serve the Club, you will receive a badge marked in manner that identifies you as qualified to use the pistol range during Club *open hours* or as the guest of a pistol range qualified volunteer member *off hours*.

3) **Volunteers!** These are the folks that really make this Club work, so to reward these dedicated members, they are permitted to use the Club's facilities *off hours*, at the maximum discounted rates. There is one Volunteer badge color. All Volunteer badge colors change yearly. Volunteers are asked to "serve" the Club up to four times yearly for a period of 4 - 4-1/2 hours each time.
